

# Navy Year 2000 Tracking System (NY2KTS)

## Software Release Notes

### Version 2.3.01

### 29 March 1999

#### Software Change Description:

SCR #: Description of Change

---

- 99-31 Added a new menu option from Main Menu called Systems/POR Status Summary. This form gives an overview of Mission Critical Systems and Mission Support Systems for the Navy, Marine Corps and the Department of the Navy. Users can also view individual site statistics by double-clicking the Claimancy field and selecting a site from the list of values and the totals for this selection are displayed in the third Column. An example of the new program is provided below.

The screenshot shows a Windows-style application window titled "Y2K\_POR\_STATS". Inside the window, the text "For Official Use Only" is displayed at the top. Below this is the title "Naval Year 2000 Tracking System (NY2KTS) Systems/Program of Record (POR)". On the left, it says "Data Last Updated As of: 29-MAR-1999". The main content is a table with three columns: "USN", "USMC", and "DON". To the right of the table is a "Claimancy" field with a text box and the instruction "(Double click to report by Claimant)". The table contains the following data:

	USN	USMC	DON
<i>Total Mission Critical Systems:</i>	598	70	668
<i>Mission Critical Systems Completed:</i>	531	60	591
<i>Mission Critical Systems Remaining:</i>	67	10	77
<i>Total Mission Support Systems:</i>	1834	57	1891
<i>Mission Support Systems Completed:</i>	1513	44	1557
<i>Mission Support Systems Remaining:</i>	321	13	334
<i>Total # of Systems:</i>	2432	127	2559
<i>Total # of systems Remaining:</i>	388	23	411

At the bottom center of the window is an "Exit" button.
